International and Domestic)
Authorizations Pursuant to Section 214 of the)
Communications Act of 1934, as Amended)

APPLICATION

Local Communications Network, Inc. ("LCN") and BringCom, LLC ("BringCom") (collectively the "Parties" or "Applicants") hereby request authority pursuant to Section 214 of the Communications Act of 1934, as amended, and Sections 63.04 and 63.24(e) of the Commission's Rules, to transfer control of domestic and international Section 214 authorizations held by the Applicants as a result of the merger of LCN and BringCom.^{1/} The surviving merged entity will be Local Communications Network, Inc. (hereinafter referred to as "Surviving Company"). This application is submitted pursuant to a Merger Agreement between the Parties and effected on September 20, 2007.

^{1/} See FCC file number ITC-214-20051101-00441 for BringCom's international 214 authorization and FCC file number ITC-214-19980506-00298 for LCN's international 214 authorization. BringCom's international 214 authority will be unnecessary following the consummation of the merger. This redundant license will be discontinued pursuant to Section 63.19 of the Commission's Rules following consummation of the transaction.

The Applicants respectfully request streamlined treatment of this Application pursuant to Sections 63.03 and 63.12 of the Commission's Rules. This Application is eligible for streamlined processing pursuant to Section 63.03(b)(2) of the Commission's Rules because: (1) the proposed transaction will result in Surviving Company having a market share in the interstate, interexchange market of less than ten (10) percent; (2) Surviving Company will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction; and (3) neither the Applicants nor any of their affiliates are regulated as dominant with respect to any service. This Application also qualifies for streamlined treatment under Section 63.12 because, in accordance with Section 63.12(c): (1) Surviving Company will not be affiliated with any foreign carriers; (2) Surviving Company will not be affiliated with any dominant U.S. carrier; and (3) no authority is requested to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines.

In support of its Application, the Parties provide the following:

I. APPLICANTS

LCN is the sole member of Virginia limited liability company LCN International, LLC ("LCNI"), which is also located at 105 Executive Drive, Suite 100-A, Sterling, Virginia 20166. LCN and LCNI provide a wide range of services via satellite that include Internet access, long distance, data, voice and video. LCN operates advanced gateway switching centers to provide direct access to its services.

LCN is authorized to provide services via its common carrier point to point microwave licenses, its earth station authorization and its international and domestic 214 authority. LCNI holds two earth stations authorizations.^{2/}

B. BringCom, LLC

BringCom is a Delaware corporation with headquarters at 8300 Greensboro Drive, Suite 800, McLean, Virginia 22102. BringCom provides long distance, voice over Internet Protocol ("VoIP"), broadband and internet services via satellite between the U.S., Latin America, and Africa. Mr. Fabrice Langrenney, a U.S. citizen, is the sole member of BringCom.

II. DESCRIPTION OF THE TRANSACTION

The parties have entered into a Merger Agreement ("Agreement") to meet future needs of both Applicants and to more effectively provide services to their customers. Pursuant to the terms of the Agreement, BringCom will hold a fifty-one (51) percent ownership interest in the Surviving Company with an option to acquire additional shares. BringCom's shares in the Surviving Company will be held by Fabrice Langrenney. Mr. Langrenney will have the sole and exclusive option to purchase additional authorized shares of unissued stock in the Surviving Company as necessary to bring his total ownership interest to sixty (60) percent. LCN will hold a forty-nine (49) percent ownership interest in the Surviving Company. LCN's shares will be distributed as follows: Diamond Partners, Inc. ("D.P., Inc.") - sixteen (16) percent; Jewel McNanley/Estate of Rober McNanley, Sr. - eleven (11) percent; Stanford, Miller - eleven (11) percent; Daniel K, Christine T. Moller, Byron Henry, Robert McNanley, Jr.,

^{2/} Applications to transfer control of these licenses are submitted electronically concurrently with this filing.

Elizabeth Crawford, Phillip Radcliffe, and Thomas McNanley each will hold less than a ten (10) percent ownership interest in LCN. The Surviving Company will have a Board of Directors comprised of five directors. Three of the directors will be appointed by BringCom and two will be appointed by the shareholders of LCN.

Following receipt of necessary approvals, the Surviving Company will continue to provide the services offered by the Applicants.

III. PUBLIC INTEREST STATEMENT

The merger of BringCom and LCN will establish a leading provider of satellite telecommunications services. The Parties anticipate a consistent growth in revenue and an expansion of services resulting from increased economies of scale. The merger will permit them to operate more efficiently and thus realize substantial financial synergies that should enable the combined companies to increase their operating income. The Surviving Company expects to increase the number of employees starting in 2008. The Surviving Company also intends to upgrade and improve the current LCN facilities after completion of the merger. Those upgrades include increasing the number of transmit antennas on its wireless facilities and improving security and network reliability. The proposed upgrades will in turn improve the quality of service offered to customers.

The proposed merger does not present any anti-competitive issues. Customers will continue to receive high-quality telecommunications and information services without interruption and without change in rates, terms, or conditions. The Surviving Company will continue to compete with other providers of long distance, internet and VoIP services. Therefore, consent to the proposed merger is in the public interest.
